IN A MICHAEL WINNER FILM
"SCORPIO"

8th June, 1972

Mr. Angus Maclean Thuermer,
Assistant to the Director,
Central Intelligence Agency,
Washington 20505.

Dear Mr. Thuermer,

The only disappointment I had during our visit to the C.I.A. was that I did not get the chance to meet you and thank you personally for the extreme success of the arrangements and the filming. This was of course largely due to your kindness and skill in helping to make these arrangements.

We were all of us most impressed by the courtesy and kindness of the C.I.A. and its representatives whom we met, and both the British and American members of our crew I know went away with the most warm feelings towards you all. It is indeed the sign of the true democracy (I hope this does not sound pompous) that exists in your country, that a Government Agency can provide facilities such as you have given us. The obviousness of this has certainly not escaped us and we are most grateful.

All good wishes.

Yours sincerely,

Michael Winner
